## ABOUT US

Since 1985, we have been proudly achieving success by working with some of Egypt's most prestigious companies. Egypto Co. has partnered with some of Egypt's most reputable firms to provide them with a wide variety of their flooring needs. We hold ourselves up to the highest of standards. We have an immense amount of knowledge from years of experience as a work manufacturer, and continue to expand our practices each and every day. We supply many local and global companies with a variety of innovative products, created with the greatest degree of precision and care.

## MISSION

It is our goal to provide innovative flooring solutions to clients looking for quality, professionalism, and expertise within the flooring industry. We are devoted to high standards of client care and will exceed your expectation of quality product flooring, expertise, delivery, and installation as we aim to provide an excellent customer service experience.

## VISION

We promise our customers and suppliers that we will build relationships with them and offer value through experience, integrity, and hard work on their behalf.

## FOUNDER & CEO

MAURICE WAHBA

"Egypto's reputation has been the priority since the very start. As a company, we always seek to fulfill our clients' needs by providing top quality wood products. We have been operating at the top level for 25 years and hope to continue being Egypt's best".

## MANAGING PARTNERS

MARCO WAHBA

EGYPTO TEAM

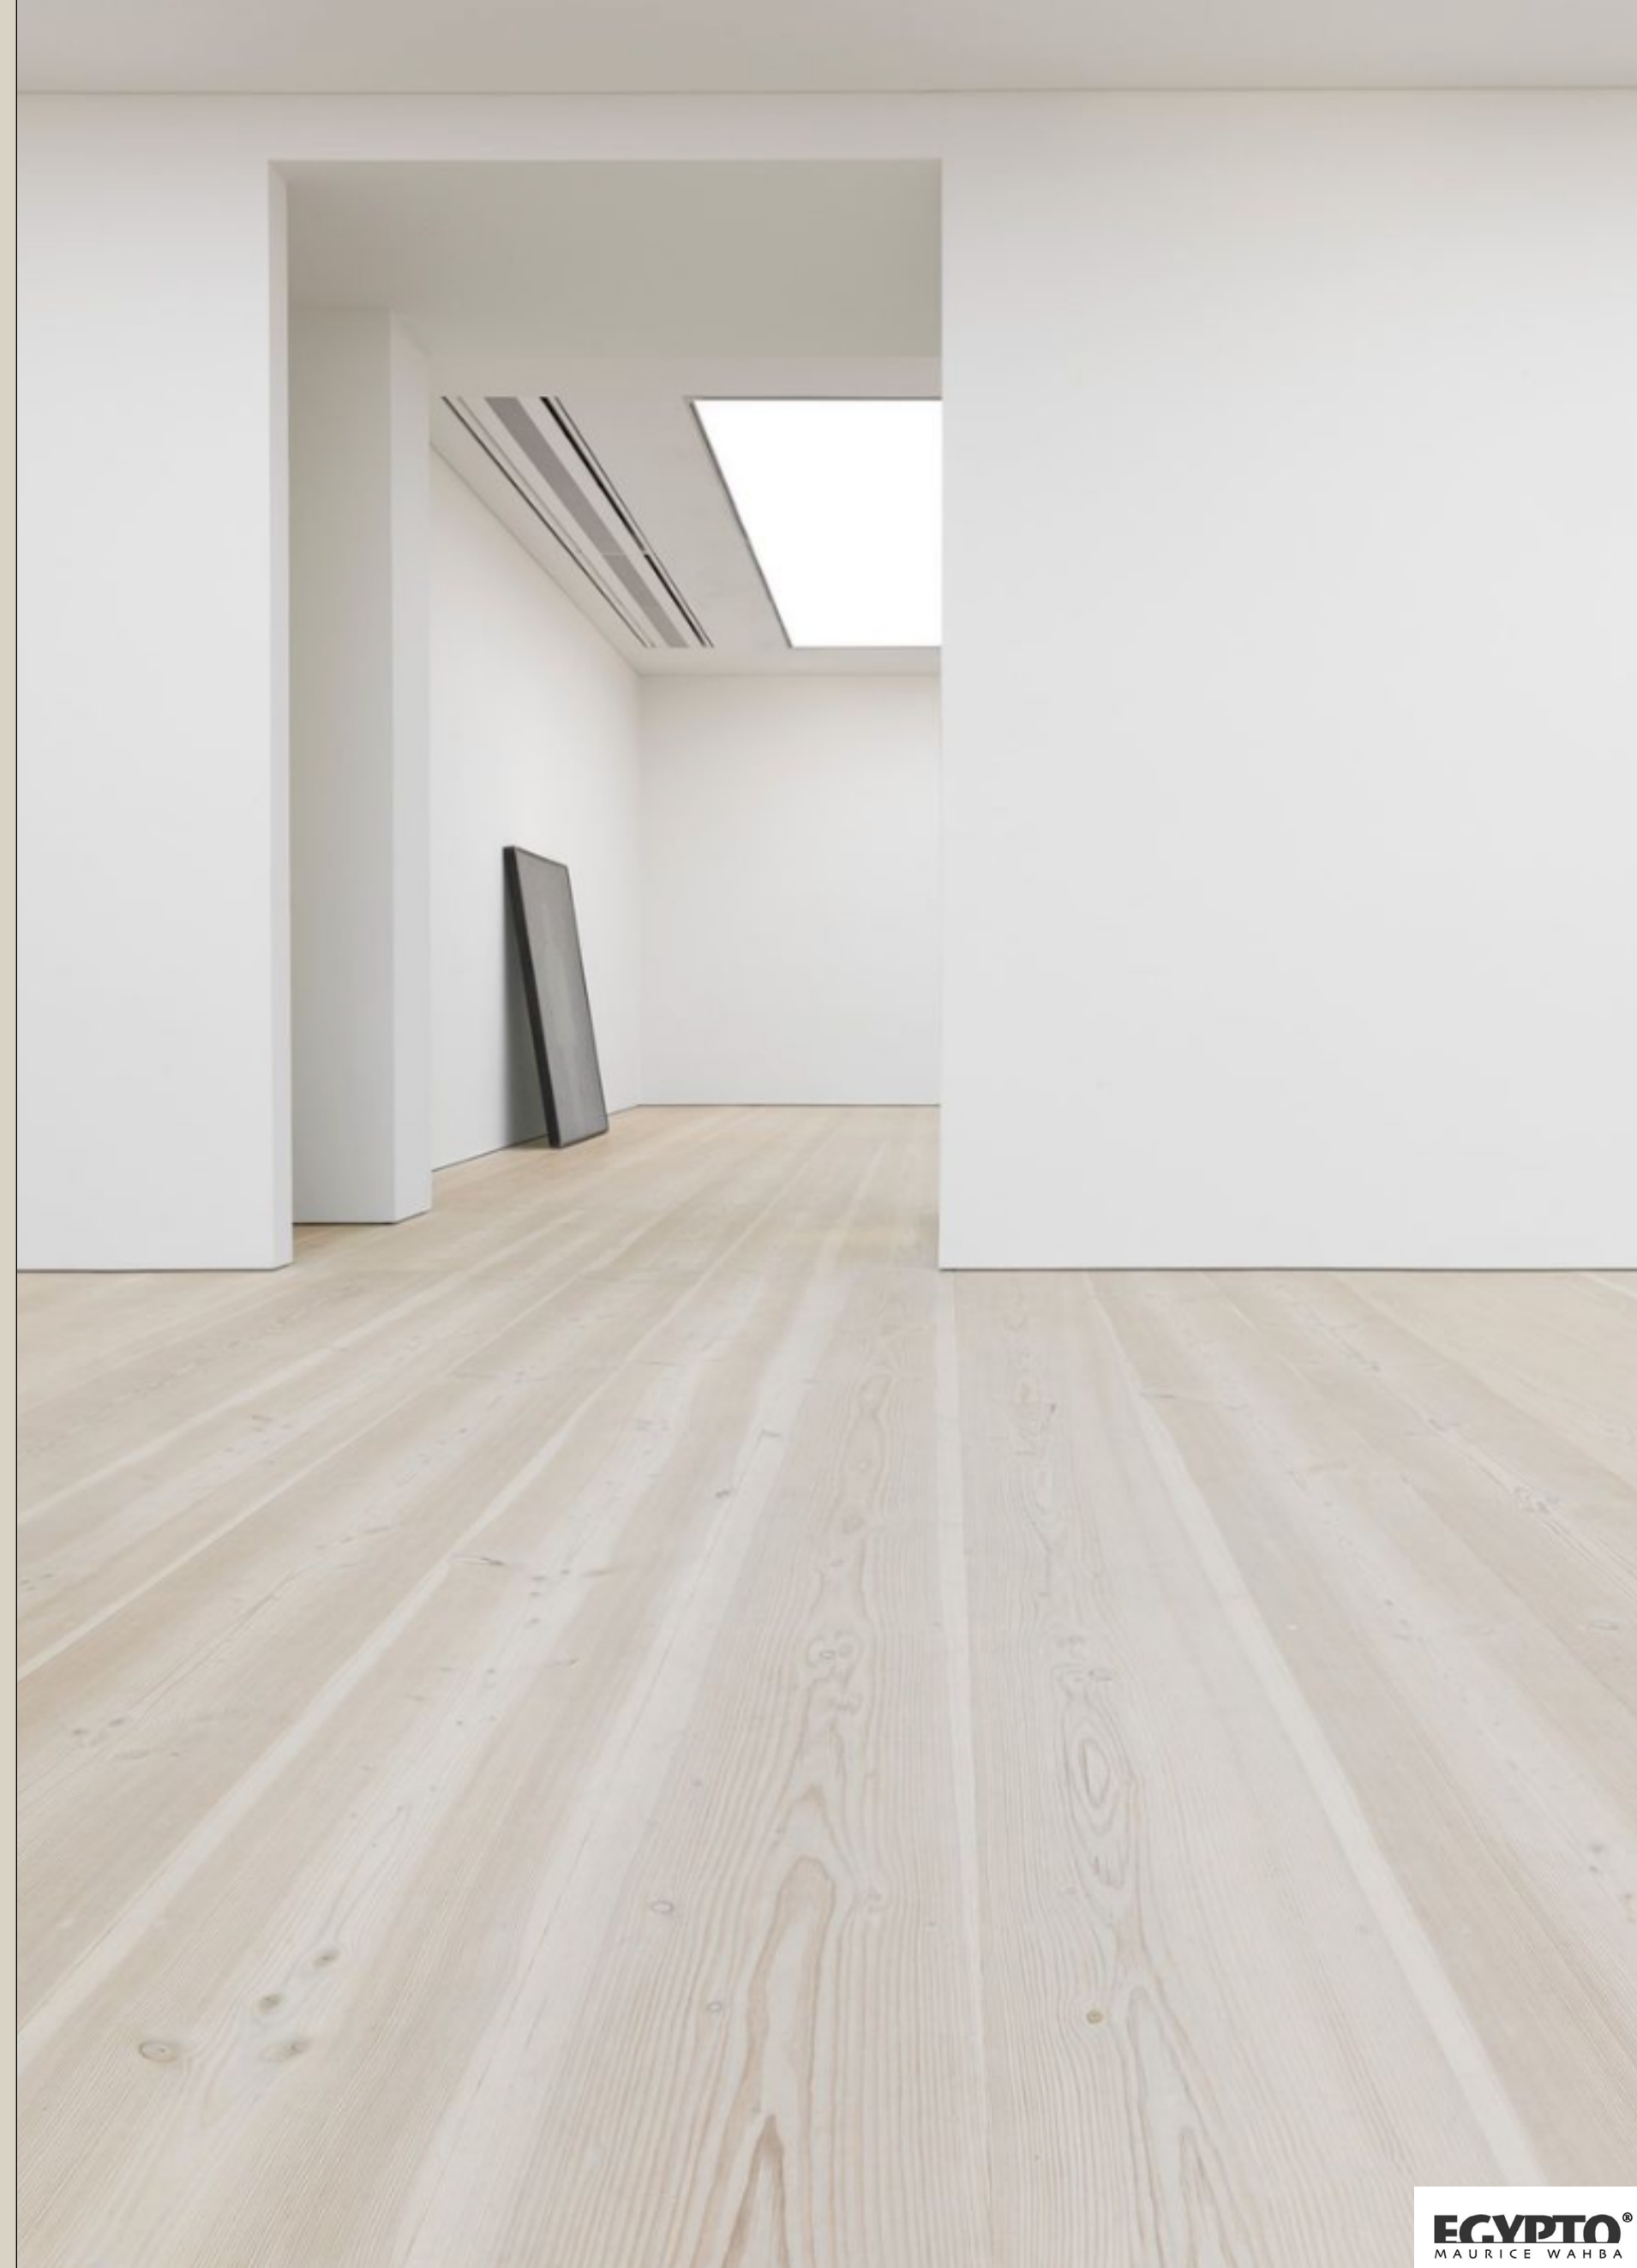

## OUR SERVICES

Our company offers an exotic wide collection of real natural wood flooring. They are known for their high quality, elegance, and lasting durability. All of our products are carefully selected and manufactured by the best wood flooring producers in the world. Each real wood floor is totally individual and lasts for many years.

Our collection includes solid wood floorings, engineered wood floorings. We also offer an exquisite collection for your outdoor spaces. Every product comes in its unique shapes, sizes, patterns, and finishes. From natural, brushed or even hand-scraped wood, we guarantee you will find various colors and different styles from which you can choose. Enjoy the genuine look you can add to your home.

## 1. SOLID PARQUET

The legacy of the solid wood flooring, in carefully chosen species, allying the tradition of craftsmanship to state of the art finishing. In species from all around the world, finished solid flooring can be a part of all projects, from the most traditional to the one demanding the best finishing.

## 2. ENGINEERED WOOD

With 100% natural origin, finished with noble woods from all over the world, combining design to a superior manufacturing quality, our floors are a guarantee of durability and refinement, whatever the choice may be.

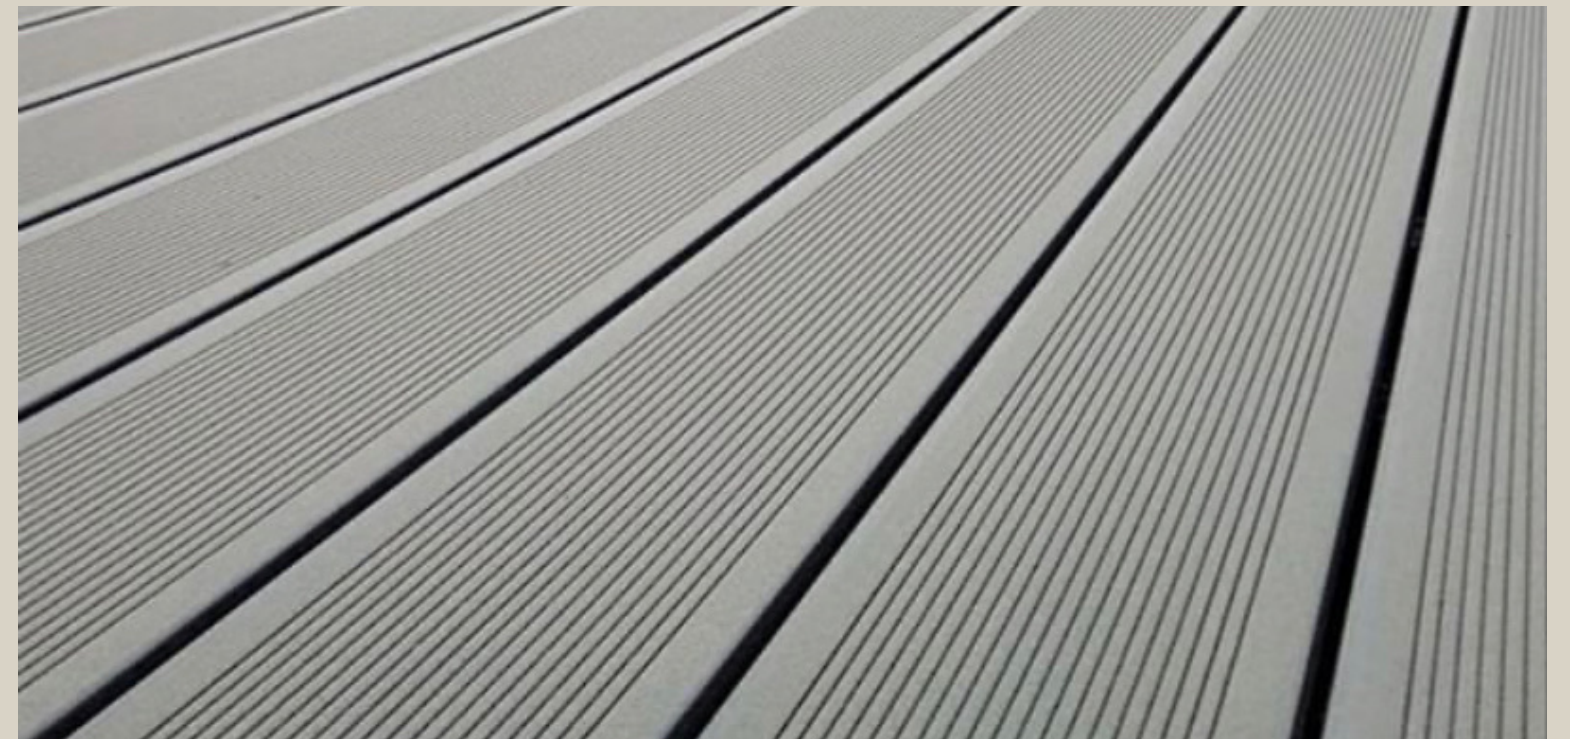

### 3. IPE

Ipe is a beautiful exotic wood from South America. Ipe wood structures are hard, strong, and naturally resistant to rot, abrasion, weather, and insects. It is almost twice as dense as most woods and up to five times harder.

### 4. WPC

WPC deck has an unrivalled likeness to wood which really sets it apart from other composite decking available. The natural wood grain not only looks great, but also offers maximum performance against stains and fading. The WPC deck is the next generation of exterior floors. It consists of the core body and the shield surface. The shield cover protects the core completely from weather conditions and outdoor use.
